- † Praying for a Happy and Blessed New Year to our family and friends
- † We were so blessed and grateful over Christmas to have our daughter, son-in-law and two grandsons and one girlfriend here over Christmas to share this time with us, some sadness but mostly laughs and enjoying each other. Our daughter and son-in-law renewed their wedding vows on Christmas day making it even more special again tears and laughter. We were blessed beyond measure by a friend who let us use her condo for a wonderful day in the pool and a spectacular

Christmas dinner, thank you Jill. Here are a few pictures:

Family photo, we set a chair for our son. The cushion a very special gift made for us out of one of his shirts for us to hug when we need to. Thank you Kim.

Kim and Tony renewing vows after 23 years. God bless you both.

† We have completed 14 roofs and set to start up again next week with #15 with the goal being 30 again this winter. The 14th roof we did on December 28 in memory of our son, brother and uncle and the family was here to participate and put the plaques on the home, such a special and emotional

day. The home is the 4th roof for the family we have told you about in the past with the 5 orphaned children and now a baby as well. The aunts and uncles all stepping up to the plate to help these children.

James 1:27 “Religion that God our Father accepts is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world”. Here are a few pictures

Mom 15 years and 8 month old

† These children need prayer as they progress through life without parents. The 15 year old is surrogate mom with help, goes to school four hours a day and learning to read and write. The 3 brothers do not attend school and don't know how to read and write, so pray that they will agree to do so in the future. All are receiving counselling and we pray they will be restored to mental and emotional health.

**Thanks so much for your prayers and support,
Bless you, Andy & Mo
Happy New Year!!!!**
